

# About Us

Northern Boarders is an affiliate of the American Kneeboarding Association and dedicated to the promotion of kneeboarding in the Upper Midwest United States.

We were formed in order to increase participation in the sport of kneeboarding as well as give current AKA members the opportunity to compete in local events.

We will host at least one development clinic/fun tournament each season. We will also have several practice days during each season in which we will get together just to ride and learn from each other.

Northern Boarders welcomes all abilities and ages. Our tournaments are open to anyone with a desire to kneeboard and have a good time.
